previously published as nomadic furniture 2 v 1973 1974

influenced by the currently very popular do it yourself movement the contemporary design scene is increasingly shaped by a creative fusion of production and consumption when it comes to the development of a self made furniture culture this book project combines for the first time design history research and consumerism theory with numerous historical and contemporary construction instructions and interior design recommendations across five chapters design history and everyday culture are vividly and closely examined what are their origins which media and channels are used to pass on experiences and practical instructions who exchanges information with whom and under what circumstances and what has changed since the advent of the era of digital modernity

at dwell we re staging a minor revolution we think that it s possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being we think that good design is an integral part of real life and that real life has been conspicuous by its absence in most design and architecture magazines

the history and controversial roots of the social design movement explored through the life and work of its leading pioneer victor papanek in victor papanek designer for the real world alison clarke explores the social design movement through the life of its leading pioneer the austrian american designer theorist and activist victor papanek papanek s 1971 best seller design for the real world human ecology and social change has been translated into twenty two languages and never fallen out of print its politics of social design anti corporatism and environmental sustainability have found renewed pertinence in the twenty first century and

dominate the agendas of design schools today drawing extensively on previously unexplored archival sources clarke uncovers and contextualizes the movement's controversial origins and contradictions

since the 1990s in response to dramatic transformations in the worlds of technology and the economy design a once relatively definable discipline complete with a set of sub disciplines has become unrecognizable consequently design scholars have begun to address new issues themes and sub disciplines such as sustainable design design for well being empathic design design activism design anthropology and many more the routledge companion to design studies charts this new expanded spectrum and embraces the wide range of scholarship relating to design theoretical practice related and historical that has emerged over the last four decades comprised of forty three newly commissioned essays the companion is organized into the following six sections defining design discipline process defining design objects spaces designing identities gender sexuality age nation designing society empathy responsibility consumption the everyday design and politics activism intervention regulation designing the world globalization transnationalism translation contributors include both established and emerging scholars and the essays offer an international scope covering work emanating from and relating to design in the united kingdom mainland europe north america asia australasia and africa this comprehensive collection makes an original and significant contribution to the field of design studies

offers ideas for constructing furniture designed to suit contemporary nomadic living

the book examines individual and collective visions for the material world of children from utopian dreams for the citizens of the future to the dark realities of political conflict and exploitation surveying more than 100 years of toys clothing playgrounds schools children's hospitals nurseries furniture posters animation and books this richly illustrated catalogue illuminates how progressive design has enhanced the physical intellectual and emotional development of children and conversely how models of children's play have informed experimental aesthetics and imaginative design thinking

offers ideas for constructing furniture designed to suit contemporary nomadic living

the culture of nature in the history of design confronts the dilemma caused by design's pertinent yet precarious position in environmental discourse through interdisciplinary conversations about the design of nature and the nature of design demonstrating that the deep entanglements of design and nature have a deeper and broader history than contemporary discourse on sustainable design and ecological design might imply this book presents case studies ranging from the eighteenth to the twenty first century and from singapore to mexico it gathers scholarship on a broad range of fields practices from urban planning landscape architecture and architecture to engineering design industrial design furniture design and graphic design from adobe architecture to the atomic bomb from the bonsai tree to biosphere 2 from pesticides to photovoltaics from rust to recycling the culture of nature permeates the history of design as an activity and a profession always operating in the borderlands between human and non human environments design has always been part of the environmental problem whilst also being an indispensable part of the solution the book ventures into domains as diverse as design theory research pedagogy politics activism organizations exhibitions and fiction and trade literature to explore how design is constantly making and unmaking the environment and conversely how the environment is both making and unmaking design this book will be of great interest to a range of scholarly fields from design education and design history to environmental policy and environmental history
