this book is aimed at exploring the relevance of social emotional competencies for preventing preschool children s behavior problems the content provides an overview of how evidence from fundamental research on social emotional competencies can be translated in applied research for developing prevention programs the social emotional prevention program framework is presented as a multi focused child teacher parent hybrid approach for both high risk and non risk preschoolers the book offers a systematic and in depth evaluation of sep efficacy including classroom risk group and individual level effects hence the proposed approach employs different research designs and statistical methods to explore how behavioral changes occur as a result of children s participation to the intervention each study s findings are discussed in terms

of corresponding implications for practice in schools but also from a broader perspective including implications for policy makers in the field of early education

in this series you will find more creative ways to use a tube sock milk carton and other inexpensive things found around the house than you ever imagined create unique toys and props for group time construction science music movement art language literacy and math

covering children ages 2 to 5 this text demonstrates how the basic developmental characteristics of children ages two to five influence instructional planning curriculum and expectations it contains current complete and useful information in guiding and educating young children the author seeks to correct misinformation about the importance of the early years of a child's life by identifying key developmental theories and giving numerous examples of tasks games and activities to help the reader apply the information through directed principles

first published in 2004 routledge is an imprint of taylor francis an informa company

finally a preschool program for the 1 and 2 year old want to give your child a boost on their education discouraged because daycare centers don't offer a program for your child don't have much time that's ok o great for the on the go or working parent o only 45 minutes a day flexible program that can be customized to o meet the needs of your child's development o meet the needs of the parents schedule simple and easy to use at home curriculum the curriculum presented in this book is designed for toddler's ages 1 2 years of age children ages 2 3 years old may also benefit from this curriculum depending on their knowledge of the material presented a time for preschool is split into sections depicting each day of the week and provides a focus for a particular subject on each day the book begins with a note to the parents a list of quick tips and then an overview of the curriculum each section provides an objective page a how to section and a checklist that is relevant to that particular subject additional material is included at the end of the book that provides age appropriate games to play arts and crafts and optional materials to purchase or make

how to rid your child of mental disabilities through a method called preventive mental hygiene in which a psychologist tests the child's basic intellectual abilities and then examines the child to discover any physical peculiarity that might have a psychological significance the child's mother is asked a battery of questions concerning her relationship and interaction with her child the results of both tests then determine the course of treatment or training to be taken
